Select Rated, Unrated or Both . . . : ____ (R, U, or B)
Printer I.D .....: PTR1
Number of Copies.....: _1
Hold Print Out .....: N
Save Print Out .....: N
    
```

**From and To Dates:** The beginning and ending dates are required to generate a report.

**SCAC:** Enter a specific SCAC code or leave blank for ALL Interlines.

**Origin Terminal:** Enter a specific origin Terminal code or leave blank for ALL locations.

**SCAC Code Type:** Enter a SCAC code type to further define the selection by Advance Interline, Advance Agent, Beyond Interline or Beyond Agent. For example, this would enable the user to pull all the Beyond Interlines for a specific SCAC code. If left blank, ALL SCAC code types will be selected.

**Rated Unrated or Both:** This is a mandatory entry and there is no default. This is used to determine if the report will include only [Rated bills](#), only [Unrated bills](#) or Both Rated and Unrated. This would allow the user to determine if any beyond interline bills remain unrated prior to interchange.
